with vegetable glue by susan chandler . tablet / smart board activities tablet and smart board devices can be  
used in a variety of ways to engage children in vegetable related activities and learning. here are just a few  
ideas to get you started: **best practices- science activities** - this is an example of how a sounding board  
works. the vibrations from the string would be almost silent without the cup, but when you add the cup, it  
spreads the vibrations and amplifies them (makes them louder.) pianos and music boxes use wood to act as a  
sounding board to make the instrument louder. **u-bild america s favorite w plans storage bins** - 16.
